1. Introduction and Background

Genrobotic Innovations Private Limited, always believes in continuous innovation to be the core for developing robotic technologies that ensure safety and empowerment to uplift the lives of people. With innovative products, Genrobotic Innovations Private Limited had empowered the lives of more than 1700 sanitation workers spanning around 17 states of our country. Apart from working on a social model for the business, Genrobotic Innovations Private Limited defines itself apart from its core robotics to reach the people for their betterment.

Genrobotic Innovations Private Limited Innovations partnered with Genrobotic Innovations Private Limited Foundation to expand its reach and benefit more people through social impact initiatives. The founders of Genrobotic Innovations Private Limited are dedicated to giving back to society through their innovations and other efforts, and this is reflected in Genrobotic Innovations Private Limited Innovations CSR policy.

1.1 CSR Vision

To envisage an inclusive society with holistic development of underprivileged sections by facilitating and empowering them towards a dignified life

1.2 CSR Mission:

To work towards enriching lives culturally, socially and economically by embracing a positive influence through educational support programs, skill development activities, rehabilitation and livelihood enhancement. Thus, serve as a catalyst to advance quality of life. The activities undertaken must be:

- a. Value added
- b. Sustainable
- c. Bring in a positive social impact

2. Applicability

- 2.1 This Corporate Social Responsibility Policy ("CSR POLICY") has been adopted by Genrobotic Innovations Private Limited ("The Company") in consonance with section 135 of the Companies Act 2013 ("Act"), the Companies (Corporate Social Responsibility Policy) Rules 2014 ("CSR Rules"), and notifications/ circulars issued by the Ministry of Corporate Affairs, Government of India from time to time.
- 2.2: The policy shall apply to all CSR projects/ programs undertaken by the company in India as per schedule VII of the Act.
- 2.3: This policy shall be applicable to Genrobotic Innovations Private Limited, and all its employees.

3. Focus Area Engagement

Genrobotic Innovations Private Limited, as a company working in various areas of robotics, has numerous opportunities to employ robotics as a solution for addressing various societal issues. Many of the company's innovations have arisen from addressing these issues, and they continue to research ways to deepen their social impact and create value for society. Genrobotic Innovations Private Limited aims to organize its social interventions and CSR activities to concentrate on specific social issues. Its approach to social impact instills the importance of sustainable, large-scale impact throughout the company.

For working on the social sphere, Genrobotic Innovations Private Limited had identified 5 areas of focus

Education	To craft an empowered future through education
Livelihood	To foster an entrepreneurial mindset to generate sustainable livelihood opportunities
Health Care	Extending helping hands for the needs
Rural Development	Improving the living standards and quality of life for people residing in rural and remote regions of a country.
Environment	Promote environmental sustainability.

Genrobotic Innovations Private Limited plans to continue its efforts in the areas mentioned above and expand its impact and involvement. The key areas where Genrobotic Innovations Private Limited will focus its efforts are as follows:

3.1 Education

To work on various interventions to provide quality educational support, training, infrastructure, and skill development for fostering empowerment through education.

Initiatives and programs will be executed for the following objectives
